# GTR NORDICS 2021 STOCKHOLM

GTR returned to Stockholm on November 25, once again providing the region's leading trade gathering, bringing together a host of financing experts and innovators to plot a path for Nordic industry and commerce.

With over 50 expert panellists presenting an in-depth agenda, discussions explored the latest initiatives taking steps toward a carbon neutral future for Nordic business, pinpointing the regulatory, efficiency and profitability challenges facing the region's trade and export financing sectors in the here and now and the business opportunities emerging as the global economy sets sights on sustainable post-pandemic growth.

**"A great event and it was good to catch up with all friends after the pandemic."**

B Olausson, Elof Hansson
