GTR UK 2021 VIRTUAL

As part of its hybrid offering for the year – with an in-person event scheduled for October 19 – GTR UK 2021 Virtual welcomed close to 1,400 participants on June 29-30, including local and international banks, multinationals and SMEs, non-bank financiers, commodity brokers and traders, insurers, risk managers, lawyers, consultants, fintech providers, ECAs and multilaterals.

Coming at a key time for UK trade, both in terms of the ongoing impact of both Covid and Brexit on supply chains, business continuity planning and the plans for Global Britain, the programme featured over 60 experts and offered unrivalled insights on the latest developments in UK trade and export finance.

Key themes included the future prospects for supply chain finance in light of recent controversies, digitisation drives and the importance of being globally competitive, the challenges businesses, banks and government face when walking the ESG tightrope, as well as the latest support offerings available from UK Export Finance.

“One of the finest organising teams bringing some of the foremost exports in UK-Global trade together in a unique and powerful global forum.”

C Hunter OBE, Coltraco Ultrasonics Limited

“When it is difficult to get a true perspective of all the market changes GTR delivered speakers who provided insight and real life case studies as to what is actually going on. Importantly, they also provided a view of the future demands and opportunities. A great event.”

G Buck, GKB Ventures LTD
